INDEX

Explore this eco-friendly collection of recycled yarns available in sheer, light filtering and black-out fabrics. These unique natural-looking fabrics have been designed to have a low impact on the environment by using recycled materials and/or produced in a responsible way. Discover this new sense of opulence with our sustainable textiles available in gentle and soft color tones.

► Sheer

Thanks to their delicate transparency, sheer fabrics create a light and airy feeling. Fusing the world inside with nature outside.

► Light filtering

Light filtering fabrics filter the incoming daylight in a beautiful way while remaining the connection with the world outside.

► Black-out

Black-out fabrics completely darken the room and therefore, they create the ultimate privacy. A perfect choice for the bedroom.
